Oxford

The New Federalism

By MICHAEL D. REAGAN, *University of California, Riverside*. This incisive, timely analysis of a controversial public issue freshly reassesses the concept of federalism and the significance of President Nixon's "New Federalism" in the American political system. It concludes that formal textbook federalism is dead, but that its successor — intergovernmental relations — constitutes a vital and lively arena for federal-state interaction.
1972 192 pp. cloth \$5.95 paper \$1.50
(paper, Spring 1973)

Administering Federalism in a Democracy

By ARTHUR W. MACMAHON, *Columbia University*. "An extremely valuable little book that traces the conversion of American federalism from a legal relationship to an administrative relationship. It should be read by all persons interested in federalism and intergovernmental relations."—George S. Blair, *Claremont Graduate School*
1972 208 pp. cloth \$6.50 paper \$2.50

Democracy in the Administrative State

By EMMETTE S. REDFORD, *University of Texas*. "... A workable and understandable comprehensive synthesis of some of the more incisive literature on administration. *Democracy in the Administrative State* does more than synthesize in that it lays out the problem stated in the title and suggests avenues of solving these problems."—*Choice*
1969 222 pp. cloth \$5.00 paper \$2.50

Democracy and the Public Service

By FREDERICK C. MOSHER, *University of Virginia*. "A very useful addition to the literature of public personnel management. Admirable in content, tone, and style."—Paul L. Beckett, *Washington State University*
1968 240 pp. cloth \$5.75 paper \$2.50

Politics, Position, and Power *The Dynamics of Federal Organization*

By HAROLD SEIDMAN, *National Academy of Public Administration*. "An excellent and thorough job. Public administration has needed a book like this for a long time. Well written with its realistic analysis greatly enhanced by Seidman's experience."—Aubrey C. King, *University of Maryland*
1970 324 pp. cloth \$7.50 paper \$2.95
